

The king's audience went home for weapons. The women and children remained in the church. When the men returned a deputy sheriff ordered the crowd outside to disburse. He was greeted with a storm of bullets. One man fell dead and one mortally injured. The attacking men threw down their weapons and surrendered.

INTEREST INCREASES IN U. B. MEENINGS

Spiritual Tide Ran High During Each
Meeting Held Yesterday in The
Coliseum at The City Park

SERVICES TONIGHT AT 7:45

Yesterday was a great day for the evangelistic meetings being held at the Coliseum in the City Park by the United Brethren church. The spiritual tide ran high during each meeting. A number were at the altar of prayer at each service to be saved or filled with the Holy Spirit. Some were liberated from their sins, and others accepted the infillings of God and as His Mighty power came upon the people the shouts of victory and praise rang in the coliseum.

Interest and attendance is increasing at each service. Evangelist Carter and church of the service yesterday morning. Evangelist Towns in the afternoon and Evangelist Powell at night.

Meetings will be conducted each night this week at 7:45 o'clock and services will also be held on Tuesday, Wednesday, Thursday and Friday afternoons at 2:30 o'clock of this week.

MARRIAGE LICENCE.

Franklin Touring Car

THIS is the car that gives to owners
the following evidence of economy,
reliability and comfort:

*20 miles to the gallon of gasoline
12,500 miles to the set of tires
50% slower yearly depreciation
(National Averages)*

And this is the car that has also established these unchallenged records of road performance—one driver continuously at the wheel on each run:

Portland, Me., to Top of Mount
Washington, N. H. (98.2 miles)
non-stop, low-gear run—

New York to Boston and return
(458.8 miles) in 12 hours, 5 min.—

Indianapolis to Syracuse and beyond
(832.6 miles) in 22 1/2 hours—

Cincinnati to Cleveland and return (553 miles) in 15 hours, 45 min.—

Boston to Syracuse and return (693
miles) in 24 hours, 20 min., with a
Woman driving—

New York to Montreal (398 miles) in
9 hours, 59 minutes—

Waterloo, Ia., non-stop, dirt-road re-
cord, (865.4 miles) in 24 hours—

The Franklin is not handicapped by heavy weight and rigidity nor hampered by cooling troubles at any season. It is light, flexible and direct air cooled. We like to give demonstrations of what it can do.

Not Only Here But Abroad As Well

"Travelled to the Barrage on the Vaal River and back last Sunday, 129.5 miles, on 4 1/2 gallons of petrol. A fine average which certainly proves the makers' claims for the Franklin."

"The roads were for the most part under water, and counting gates, about 13 stops were made. Yet we maintained an average of 28 miles per hour throughout, including stops."

Millions for a New Stomach

One of the greatest American millionaires said to his physician, "A million dollars, Doctor, spot cash and no grumbling, for a new stomach," and then the sick man groaned and turned away. All his wealth could not make him happy or contented, for happiness largely depends upon digestion. Without health where does happiness come in? After all the stomach plays a great part in everyday life. Without a healthy stomach and good digestion our blood is thin, watery and poor, our heart action is weak, our liver does not do its duty, and man is miserable and unhappy. Prevent disease by putting the house in order and strengthening the system against the germs of disease.

Dr. Pierce, of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., years ago understood diseases and their prevention, and he discovered certain roots and herbs which were nature's remedies, and succeeded in putting them up in a form that could be easily procured at the drug store (liquid or tablets). This he called Dr. Pierce's Golden Medical Discovery. This Discovery gives no false stimulation because it contains no alcohol or any narcotic. It helps digestion and the assimilation of such elements in the food as are required for the blood. It gives to the blood the food elements the tissues require. For over fifty years it has enjoyed the confidence of the American public. Try it now!

—Paul Seudder of Hamilton, O., spent the day with his brother, R. F. Seudder in this city.

—Miss Lois Miller has returned to her home north of the city after a visit with her father in Connersville, who was seriously injured when he ran a splinter in his hand, which caused him much pain. He is reported to be improving.

OLD INDIAN FIGHTER GOES TO CONVENTION

L. D. Tyson Who Fought Indians in The West In The 80's is in The West For Convention

HEADS MANY BIG FIRMS

Knoxville, Tenn., June 28—Lawrence D. Tyson, who as a stripling in the 80's went West to fight Indians, today was in the West to fight for the Democratic vice-presidential nomination.

The gray-haired commander of the 50th Brigade of the "Old Hickory" division goes to the San Francisco convention with unanimous support of his state's delegation, though the delegates went uninstructed for a presidential candidate.

Aside from heading perhaps as many big enterprises in Tennessee as any other man, Tyson has served as speaker of the Tennessee house of representatives; was delegate-at-large to the Baltimore Democratic convention, 1912; came within four votes of being United States senator from Tennessee, and received the vice-presidential endorsement without a single dissenting vote of the 1,600 delegates at the state convention June 8.

DEFEATS SHELBYVILLE 6-4

Tail Lights Come Out on Top Again in Loosely Played Game

The Rushville Tail Lights defeated the Shelbyville Commercial in a loosely played game yesterday afternoon, the score being 6 to 4. The hot weather was attributed as being a drawback to the players. Hobart was on the mound for Rushville and with the exception of the seventh inning, pitched good ball. In that inning three hits, coupled with three errors scored three runs.

The feature of the game were the three base hits made by Byrne and Smith for Rushville. The Shelbyville pitchers were wild, hitting several of the batsmen. A big crowd witnessed the game. The Tail Lights will play the St. Paul team here next Sunday.

Connersville Slips One Over on Us Has a Presidential Candidate

Continued from Page One

tion several weeks ago at its convention in Chicago.

"Plans for appropriate exercises for such an occasion are now under way, and will consist of an elaborate program, in which a part of the city will participate. The delegation of the Democrat-Republican party, composed of a dozen or more members, will arrive here in the forenoon and will be met by a band and escorted to the assembly place where the ceremonies will be held. The exact place has not been agreed upon as yet, but it probably will be at the Court House.

"In all the event is looked forward to with keen anticipation by a good many who feel an interest in political maneuvers. Mr. Beckwith is a bonified candidate for the Presidency and that circumstance linked with the name of Connersville, since it is his home, naturally adds significance from a local standpoint. It is, moreover, the first Connersville of Fayette county man who has ever had the honor of running for such a great office as that of Chief Executive.

"Connersville is coming to the forefront in politics if it has not already arrived. The prestige, acquired by local men in the past few years has been of note. Today the city has a Congressman, a candidate for President, and last but not least of all, it can justly lay claim to a former resident who aspires to be Governor of Hoosierdom—A. J. Hart of Richmond, Indiana."

If you want the very best that is to be had in SERVICE

"I had read about Tanlac but some how couldn't make up my mind to try it until just a few weeks ago, and I can see now what an awful mistake I made by not getting this medicine at first. Before I took Tanlac I had tried everything that could be bought, but my very first bottle of Tanlac gave me relief. It helped me just like it had been made especially for my case. When I found it was helping me so much I started my little boy to taking it and we have both picked up so that one could hardly believe it. A comparison of my healthy appearance now with the way I looked just a few weeks ago would convince anyone of the value Tanlac has been to me. Soon after I began taking it my appetite got a new start, and my indigestion and other troubles began to leave me. I will never forget the day I finished taking my third bottle. It was on Friday, and that night I ate a big fish supper, something I had not been able to do in five years. I can now eat just anything and as much as I want of it without feeling a touch of indigestion. I have regained all my lost strength and am as well and happy as I ever was. Tanlac has been the making of my whole family, giving my mother, my son and myself the best of health."

Tanlac is sold in Nashville by the B. Johnson Co., in Milroy by Dalton's Copper in Manilla by Geo. J. Fulton in Arlington by Mrs. I. T. Davis, and in Carthage by Ono C. McCarty. (Adv.)

Mrs. Lizzie Borem, 840 W. Ninth St., Rushville, says: "About six years ago I began to have trouble with my kidneys. What bothered me the worst was my kidneys acting irregularly and they showed in a number of ways they were badly disordered. I was told I had gravel. Hearing some one else had been cured by Doan's Kidney Pills, I got a box at Wolcott's Drug Store. They helped me at once and after I had taken four boxes, the pain had left and I felt a great deal better."

Why Itch and Burn With Skin Diseases?

There is a Way to Get Rid of the Torturous Suffering. Terrifying skin irritations, eczema, tetter, boils, pimples, etc., have their origin in a disordered condition of the blood. They come from a colony of tiny germs which get into the blood and multiply by the million. Lotions, salves, ointments or similar treatment cannot possibly reach the source of the trouble, which is the blood.

When any of these symptoms appear you should take prompt steps to rid the blood of the germs which cause them. And the one remedy which has no equal as a blood cleanser is S.S.S., which is sold by druggists everywhere. Begin taking S.S.S. today and write to our Chief Medical Adviser, who will give you special instructions without charge. Address Swift Specific Co., Atlanta, Ga.

FORMER SERVICE MEN MEET AT VINCENNES

The Second Annual Convention of The State Branch of the American Legion Meets.

NATIONAL HEADS ARE THERE

Vincennes, Ind., June 28.—Former service men from throughout Indiana came to Vincennes today for the second annual convention of the state branch of the American Legion.

This city gave them a royal welcome. The local chapter of the Legion, aided by Vincennes business men, greeted the Legionnaires and turned over the keys of the city.

National head of the legion were to be here to address their former "buddies." Frank D'Olier, national commander, submitted a report of the progress made in the recent nationwide membership drive.

Among the others who were on the program were R. W. McBride, commander of the Indianapolis department of the G. A. R. and Homer Dale of Lebanon, state commander of the United Spanish War Veterans.

One of the most interesting topics of conversation was the election of officers scheduled for tomorrow afternoon. Delegations from various congressional districts were "pitching" among the early arrivals, boosting their candidates for the commandery and for state adjutant.

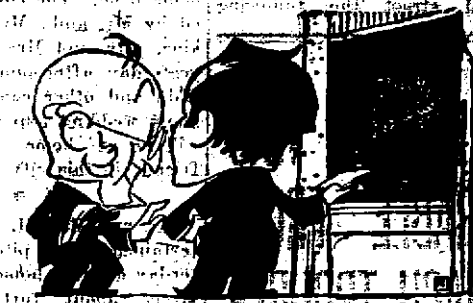

UNION FARMERS TO MEET

The Union Township Farmers will meet at Glenwood on Thursday evening for a general conference. A representative of Swift and Company will be present to adjust the fertilizer question that has been troubling the farmers of that section for some time. In a recent fertilizer deal with Swift and Company there was some misunderstanding as to the deal and this company will take all means to make the necessary adjustments at this meeting. All farmers of that community who have complaints to register are urged to be present.

MORE LIGHT THROWN ON ELWELL MURDER

A Third Key to His Rooms Was Found and it Probably Belonged to the Murderer

ARRESTS EXPECTED SOON

New York, June 28.—A key to the house of Joseph Elwell, which expert today promised to unlock the mystery surrounding the murder of Mrs. M. Larson, Elwell's housekeeper revealed on the ninth examination that a third set of keys to the house was found in the room where Elwell was murdered. Ownership of these keys authorities believe would lead to the murderer. The third arrest according to assistant district attorneys may come today. Assistant district attorney John Dooling said evidence was being developed from a witness previously examined.

WHOLE LIFE WAS MISERABLE FROM STOMACH TROUBLE

Prominent citizen suffered tortures from indigestion, dyspepsia, gas in stomach, constipation, nervousness and dizzy spells. Dreco gave prompt relief.

"I know what it is to suffer the tortures of indigestion, dyspepsia, and gastritis, and the other ails which go along with them, and I also know what it means to get rid of them," said Mr. C. B. Hendrix, a prominent farmer near Huntington, Ind.

"After each meal I'd fill up with gas; my stomach burned like fire, and I had gripping pains. My bowels were badly constipated; I suffered from dizziness and vertigo and became nervous, so that I slept poorly and would rise in the morning feeling tired out.

"I had taken much medicine, designed to cure such troubles, but I never got more than temporary relief. I think the reason Dreco has done me so much good is because it acted on the rest of the trouble. It got my bowels moving regularly; cleared my liver off, and strengthened my stomach. I've taken three bottles of Dreco and my troubles have been entirely relieved. I sleep sound; have a good appetite, and feel good all over."

Dreco is made from the juices of twelve different herbs, roots, barks and leaves, which act directly on the stomach, liver, kidneys, bladder and the blood, and tends to relieve constipation, headaches, rheumatism, catarrh, biliousness, dizzy spells, heart fluttering, gas on the stomach and other troubles.

Dreco is now sold by all progressive druggists and is being especially introduced here by

Experience

THOUSANDS upon thousands have come to us with their business "secret." Of course these confidences are never betrayed, but the sum-total of the tales makes "EXPERIENCE" worth your having.

Out of the years of conscientious co-operation with an extensive clientele, we have gathered many of the "whats" and "what nots" of success. Subconsciously these experiences are carried into our customer-conferences every day. They make for advice, our friends say, of true helpfulness and inestimable value. Glad to see you—any time.

Amusements

"Trick of Fate" at The Mystic

The Mystic theater offers Bessie Barriscale tonight in "A Trick of Fate," which is said to be sensationally daring and happily wholesome a rapidly moving play which incites interest and holds suspense with a dash of mystery. Besides this picture, a Hearst International

News reel will be shown, depicting things of interest in today's news.

The attraction tomorrow will be William Desmond in "The Prodigal Liar," which is a comedy-drama, with a western setting, and is said to be replete with funny situations and contains an interesting plot.

"The Brat" at the Princess 2 Days

The Nazimova picture, "The Brat" which comes to the Princess today and tomorrow, is said to be different from any other kind of a picture that this actress has appeared in.

The picture is full of interesting incidents and is woven around the Brat who is cast from the stage because she was not able to provide the costumes necessary. McMillin Forrester, played by Charles Bryant who is classed among the idle rich meets her on the street and offers assistance, which she refuses.

The lives of these two characters are the main theme of the play, and around which the romance and exciting incidents are made.

STALK BORERS APPEAR

Worm Bore into Stalk of Plants And Sucks Juices

Indianapolis, June 23—Stalk borers have begun to put in their appearance in the fields and garden patches in Indiana. Frank N. Wallace, state entomologist of the department of conservation announced here today.

This worm bores into the stalks of the plants and sucks the juice killing the plant.

Eggs of the stalk borer are laid in the fall in the ground near a suitable food plant, and hatch the following spring. Burdock and ragweed are the most suitable plants for the borer larvae.

SHOOTS WIFE AND CHILD GUILTY OF EMBEZZLEMENT

John March, a Ft. Wayne Farmer, Then Kills Himself.

(By United Press.)

Fort Wayne, Ind., June 28.—John March, 64, farmer, residing on the Lower Huntington road, this morning shot his wife and daughter and then committed suicide. March and his wife died immediately and the daughter is not expected to live. Domestic troubles are said to have been the cause of the shooting. March had been separated from his wife who started divorce proceedings.

Stiff? Sore?

A lame back, a sore muscle or a stiff joint often is considered too lightly by the sufferer. It should be remembered that backache, rheumatic pains, stiffness, soreness, swollen skin and puffiness under the eyes are symptoms of kidney and bladder trouble—and these certainly should not be neglected.

Foley Kidney Pills

help the kidneys eliminate from the system the poisonous waste and acids that cause these aches and pains. They act promptly and effectively to restore weak, overworked or diseased kidneys and bladder to healthy, normal condition.

J. E. Simmons, 400 E. 50th St., Portland, Ore., writes: "I was troubled with backache and urinary trouble. I tried Foley Kidney Pills and will say that I highly recommend them to any one troubled in that way, as they are excellent."

Sentence is Withheld in Case of Alfred Larr, Mail Clerk

(By United Press.)

Indianapolis, Ind., June 28.—Alfred R. Larr, former superintendent of the mails at Terre Haute, was convicted of embezzling and larceny of the mail by a jury in the federal court today.

Judge Anderson withheld the sentence for a few hours. Larr was convicted on a grand jury indictment charging him with taking \$3 in marked bills from an envelope addressed to Mrs. Lou Duncann of Terre Haute. Testifying in his own behalf Larr denied all charges in the indictment.

HEAVY TOLL IN THE STATE

Indianapolis, June 28.—Twenty-one persons in Indiana met death during the week-end in collisions of motor vehicles and railroad trains at grade crossings. Three died Saturday at Anderson and eighteen were victims Sunday, eleven near Huntington and seven west of Franklin. In addition many were injured.

In addition to the collisions of this nature, two Union Traction Company cars met in head-on collision near Montpelier Saturday evening, twenty-two persons being hurt, three seriously. Several of the persons hurt slightly in this crash were from Indianapolis.

Peculiar Geological Formation.

There is located immediately west of Junction City a few miles south of Danville, Ky., a wonderful geological formation known as "Bald Blue Knob." This is a member of the chain that branches off from the Cumberland mountains and extends along the route of the Knoxville division of the Louisville & Nashville railway.

From its foot to its crest is about 200 feet and except on the large flat top, with a small knob in its center, it is covered with shrubbery and vegetation. The top, however, is absolutely barren. Not a sprig of any kind has ever grown upon it.

The soil is as blue as indigo and this coloring has never been affected by the ravages of time. It is believed by many that this knob was at one time a volcano, and that the surface of the crest was belched forth from the bowels of the earth.

The "Bald Blue Knob" has been an object of wonder for many generations, and hundreds of visitors ascend its steep sides each year to view its crown of richest azure.

Milk and Meat Prevent Pellagra.

The most recent researches into pellagra, just published in the form of a report from the United States public health service, make it clear that deficiency of milk and fresh meat in the diet is the principal cause of the disease.

Dr. Joseph Goldberger, to whom the world owes most of its knowledge of pellagra, urges that more cows be introduced into those regions of our southern states in which pellagra is most prevalent, and that all-the-year-round fresh meat markets be established.

the convention have been unable to gain admission. In order to help raise the \$200,000 demanded of San Francisco by the national committee as a convention fund, the local committee has been giving an auditorium seat for each \$100 subscription.

The great square brick and stone building, modern in every way, was declared today by Postmaster Charles W. Fay to be the best arranged hall in the country for a national convention. Fay, a Democratic war horse has been to many such conventions. The hall is about the same size as the one in St. Louis and slightly smaller than the Chicago coliseum. Fay claims that because it is square and thus enables the whole audience to be nearer the speaker's platform it is superior. Also, it has twenty big committee rooms.

"The entire convention could be adjourned to the committee rooms if necessary," Fay said.

An immense canopy has been placed over the hall to better the acoustics. The biggest pipe organ in America is there and will be used today for a candidate may not come at times during the convention. The building was given to the city by

the San Francisco Exposition.

Postmaster Fay's famous geniality was tested today as he marshalled the entertainment forces and took care of the throngs. All delegates and alternates had been assigned in advance to hotels. The same was true of every man of importance in the Democratic party who signified in advance he would be here. Friends of the candidates and of the national committee, and representatives of the press who were forehanded, found rooms waiting for them. In addition, 6,000 other rooms were assigned in advance. Fay said he could meet any demands for rooms by means of private residences placed at his disposal.

The national committee was comfortably established on the second floor of the Palace hotel in the rooms known as the French parlors. Here they will hold their sessions and decide contests.

The convention program as mapped out by National Chairman Cummings calls for early appointment by the convention itself of the platform committee, which will consist of 53 men and women. These will then build up the framework upon which the candidate will stand. Ray today for a candidate may not come at times during the convention. The building was given to the city by

many politicians.

William Jennings Bryan is here as a delegate from Nebraska and is expected to exert his influence both in the framing of a platform and the choosing of a candidate.

candidate and as refusing to support Cox it was assumed he would switch the New York alliance to Gov. Edward I. Edwards of New Jersey regarded as a less dangerous contender than Cox.

Murphy's ability to swing all of New York's 90 votes rests on the success of the unit rule which was scheduled to be attacked in the rule's committee and open convention.

Should the unit rule be abolished the New York delegation, it was understood, would be split among Cox, Palmer and McAdoo.

Bryan who was expected to exercise the most individual power in the convention, told friends that he preferred Senator Robert L. Owen. McAdoo was "not unacceptable" to him. McAdoo supporters claims that most of the administration candidates accepting Palmer and Owen were waiting for the opportunity to throw off their pledged strength to Agri-

McAdoo the "favorite son."

Reports were circulated that efforts were being made by outsiders to arrange a conference between McAdoo and Cox leaders in order to get the Oldham governor to accept the vice presidential nomination.

San Francisco, June 28.—Indiana will vote for Thomas Riley Marshall on the first ballot, it was decided at a caucus held just after the delegation arrived. Thereafter the vote probably will be divided between McAdoo and Cox.

Vice President Marshall was selected to the rules committee, Alvan Padgett, the credentials, W. H. O'Brien to the rules committee, and Samuel Ralston to the committee on permanent organization. Tom Taggart was chosen chairman of the delegation.
